- Primary destination. (If traveling to multiple destinations, only one destination is required).
- Are you traveling with a club? Which one?
- If not traveling with a club, which company, travel vendor or cruise line are you using?
- Departure date from home – We always need the date you depart from home, not the date your trip starts, so you are covered, under the insurance policy as soon as you walk out the door of your house/apt.
- Return date home
- Do you want to insure the cost of the trip? If so ,what is the **trip cost per person** that you want to insure whether it is land or cruise.
- If you don't want to insure the cost of the trip, is that because you are looking for medical coverage only during the trip?

- **Trip cost per person** for the airfare if purchased separately with real money or if the airfare is included in the total trip price. (If you used miles or points, you can't insure it but you can insure whatever you paid in real money or if you paid any kind of additional fees). If you paid additional fees, what are they?
- Date you put down your very first trip deposit either for the airfare or for the trip. (We need this information to determine if you are eligible a) for the preexisting medical condition waiver and b) for the "Cancel for any Reason" (CFAR) optional upgrade. If you put down your very first payment within the past 14 days, you are then eligible for the preexisting medical condition waiver and if you want to add on the "Cancel for any Reason" option.
- (If you paid the first payment toward the trip by check, the date written on the check is counted as day one. (The date the check is cashed does not apply!).  
(If you paid electronically or by credit card, the transaction date is considered the first payment date).

- Would you like information on a Cancel for Any Reason plan? Plan must be purchased within 14 days of your first trip payment.
